CAD Designer for executive planning

For our office in Rovereto (TN) we are looking for CAD Designers for the preparation of technical tables for executive designs. In addition to the proficiency of CAD tools, it is useful to already have experience in the design of infrastructures and carpentry.

MRK Group Italia was founded in 2018 and is part of the MRK group, active internationally and headquartered in Munich. Our areas of expertise are in the ICT and telecommunications sector, both as design and as project-management and construction of infrastructures.

The following features are required:

- Technical and scientific qualification.
- Good command of CAD programs such as AutoCAD or NanoCAD, and preferably also of QGIS.
- Infrastructure design experience, preferably in fixed and mobile telecommunications.
- A possible knowledge of the German language is useful.
- Good communication, organizational and teamwork skills.
- Creativity and desire to take on new challenges.

We offer you:

- Active collaboration in stimulating projects, also at an international level.
- Possibility of working partially remotely.
- I work in a dynamic and competent team.
- Possibility of training and professional growth

Send us your complete application in English by e-mail to the following address with indication of your consent to the processing of personal data pursuant to Legislative Decree 196/2003 and the GDPR (EU Regulation 2016/679), indicating as the subject "Application for CAD DESIGNER FOR EXECUTIVE PLANNING - Rovereto":
